

# Nightwatchman

Tom Petty

I'm the nightwatchman  
I make the rounds  
I'm the nightwatchman  
I gotta keep my nose to the ground

Honey this ain't no job for a man like me  
I got potential, I can be just what you need  
You got to think about the pros and cons  
You could be right could be wrong

I'm the nightwatchman  
I am security  
I'm the nightwatchman  
How safe do you want to be?

I sit around at night, listen to the radio  
If I get bored I may have a little smoke  
Yeah I got a permit to wear this .38  
But listen, my life's worth more than the minimum wage

I'm the nightwatchman  
I am security  
I'm the nightwatchman  
How safe do you want to be?
