

## C-C (You Set The Fire In Me)

Tom Vek

You set the fire in me, see-see  
It's like I've learn how to breathe easily  
Photograph for a fashion magazine  
It's just New York on a mean  
I know it can't be easy for you  
I know it can't be easy for you

You the fire in me, see-see  
You the fire in me  
You the fire in me, see-see  
You the fire in me

Like a hobbit you'd rather see me  
Seems all I can do without is bleed  
We should go down to the sea  
It's just, oh god, and me  
I know it can't be easy for you  
I know it can't be easy for you

You the fire in me, see-see  
You the fire in me  
You the fire in me, see-see  
You the fire in me

You set the fire  
You set the fire  
You set the fire  
You set the fire

You the fire in me, see-see  
You the fire in me  
You the fire in me, see-see  
You the fire in me
