

# Marquee Moon

Tom Verlaine

I remember  
Ooo how the darkness doubled  
I recall  
Lightning struck itself

I was listening  
Listening to the rain  
I was hearing  
Hearing something else

Life in the hive puckered up my night,  
A kiss of death, the embrace of life  
Ooo there I stand neath the Marquee Moon,  
Just waiting

I spoke to a man  
Down at the tracks  
And I ask him  
How he don't go mad  
He said 'Look here junior, don't you be so happy  
And for Heaven's sake, don't you be so sad'

Life in the hive puckered up my night,  
The kiss of death, the embrace of life  
Ooo there I stand neath the Marquee Moon,  
Hesitating

Well a Cadillac  
It pulled out of the graveyard  
Pulled up to me  
All they said 'get in', get in  
Then the Cadillac  
It pattered back into the graveyard  
Me, I got out again

Life in the hive puckered up my night,  
A kiss of death, the embrace of life  
Ooo there I stand neath the Marquee Moon,  
I ain't waiting nuh ah

I remember  
How the darkness doubled  
I recall  
Lightning struck itself

I was listening  
Listening to the rain  
I was hearing  
Hearing something else
