I remember Ooo how the darkness doubled I recall Lightning struck itself

I was listening Listening to the rain I was hearing Hearing something else

Life in the hive puckered up my night, A kiss of death, the embrace of life Ooo there I stand neath the Marquee Moon, Just waiting

I spoke to a man

Down at the tracks

And I ask him

How he don't go mad

He said 'Look here junior, don't you be so happy

And for Heaven's sake, don't you be so sad'

Life in the hive puckered up my night, The kiss of death, the embrace of life Ooo there I stand neath the Marquee Moon, Hesitating

Well a Cadillac
It pulled out of the graveyard
Pulled up to me
All they said 'get in', get in
Then the Cadillac
It puttered back into the graveyard
Me, I got out again

Life in the hive puckered up my night, A kiss of death, the embrace of life Ooo there I stand neath the Marquee Moon, I ain't waiting nuh ah

I remember
How the darkness doubled
I recall
Lightning struck itself

I was listening Listening to the rain I was hearing Hearing something else
