Coney Island Baby

She's my Coney Island Girl

Tom Waits

Every night she cames
To take me out to dreamland
When I'm with her, I'm the richest
Man in the town

She's a rose, she's the pearl
She's the spin on my world
All the stars make their wishes on her eyes

She's my Coney Island Baby
She's my Coney Island Girl
She's a princess, in a red dress
She's the moon in the mist to me
She's my Coney Island Baby
