

Is There Any Way Out of This Dream?

Tom Waits

I can clearly see nothing as clear
I keep falling apart every year
Let's take a hammer to it
There's no glamour in it
Is there any way out of this dream

I'm as blue as I can possibly be
Is there someone else out there for me
Summer is dragging its feet
I feel so incomplete
Is there any way out of this dream

Summer is dragging its feet
I feel so incomplete
Is there any way out of this dream
