

Starving In The Belly Of A Whale

Tom Waits

Life is whittled life's a riddle
Man's a fiddle that life plays on
When the day breaks and the earth quakes
Life's a mystery all day long

You tell me who gives a good God damn
You'll never get out alive
Don't go dreaming don't go scheming
A man must test his metal in a crooked old world

Starvin' in the belly, starvin' in the belly
Starvin' in the belly of a whale
Oh you're starvin' in the belly, starvin` in the belly
Starvin' in the belly of a whale...
