

# I've Been There

Tommy Edwards

Don't tell about her arms  
I've been there  
I know all about her charms  
I've been there

I know all too well  
That velvet touch of hers  
And the way she purrs  
And the way she'll say  
Okay, I'd love to

Don't tell me about her kiss  
I've kissed her  
And I'm not ashamed to say  
I've missed her

And if she changes her mind  
And comes back to me  
I know how it will be  
Just wonderful for  
I've been there, you see

And if she changes her mind  
And comes back to me  
I know how it will be  
Just wonderful for  
I've been there, you see
