

The Butler

Tommy Lee

Good Day

This is the english butler for young master Thomas Lee
Unfortunately he is away presently but i will deliver your messe
ge on my silver platter just as
soon as i finish picking up all these soaked stockings, garder
belts, panties and high heels
The visitors do seem to leave a lot of those behind
He mumbled something about rocking two years on the road with M
otley Crue
But it also could of been (beep) two bits of gear on the roof w
ith a shapely broom
You know these pop rock stars today
Anyway at the pop of a champagne cork leave your messege and yo
ur humble servant will make sure
that the real mr. rich and famous gets it
Cheers.
