# I Love My Baby

**Tommy McClennan**

Now, I love my baby
Love her well
Love my baby
Love the way she smell

I ain't see my baby
Since that ev'nin' sun went down
Yes, somethin' bad gonna happen
If my baby can't be found

Now, I love my baby
Way she walk
Love my baby
Love way she talk

Yeah, ain't seen my baby
Since that ev'nin' sun went down
An it's some'un bad gonna happen
If that woman can't be found

'Play the blues, now'

(guitar)

Yeah-huh!

Now, ain't seen my baby
Since that ev'nin' sun went down
An it's some'un bad gonna happen
If that woman can't be found

'Joe do it, long time'

(guitar)

Yeah!

'I'm through talkin'
Yeah-hu-hu-hu, beat it up!'

Now, long time ago
Hear'd her talk
This just befo'
Could you hear her walk

Ain't seen my baby
Since that ev'nin' sun went down
An it's some'un bad gonna happen
If that little woman can't be found

'Long time'

(guitar)

Yeah!

'Now you heard'

```
Now, look-a-here, baby
You know you ain't right
You been out jukin'
Fer the whole night

I ain't seen my baby
Ev'nin' sun went down
An it's some'un bad gonna happen
If that little woman can't be found

'Long time, again'

(guitar to end)

Ya-ha!
