

# My Baby's Gone

Tommy McClennan

Yeah, my baby, gone  
An' she won't be back no mo'  
My baby, gone  
An' she won't be back no mo'  
Yeah, she left me this mo'nin'  
Oh babe, that's all I know  
When that little woman was leavin'  
She wouldn't even shake my hand  
Great God-a-Mighty, gone  
When that little woman was leavin'  
She wouldn't even shake my hand  
I tol' her that's alright, baby  
Someday you will understand, yeah  
Now, that's alright, baby  
Take your time now an play it right  
Babe, that's alright, the way you do  
At's alright, babe  
Baby, that's alright, the way you do  
Say you always keep some  
Fat mouth foll'win' you  
You can treat me mean, now-now  
An' do anything that you want to do  
Take your time play it right, man  
You can treat me mean, baby  
Do anything that you want to do  
But that's alright, sweet mama  
Someday it's comin' back home to you  
Play the boss now and then  
Yeah, yeah
