

We Can Make Music

Tommy Roe

Nah nah, nah nah nah, nah nah nah.
Nah nah, nah nah nah, nah nah nah.

Nah nah, nah nah nah, nah nah nah.
Nah nah, nah nah nah, nah nah nah.

Come on, come on Julie,
Touch me with your fingers.
Let your sweet perfume fill the up air.

Kiss me once and baby,
Make me know you mean it.
Let me know for sure,
You really care.

Baby, we can make music,
Sweet, sweet music!
We can make music.
A song so soft and rare!

And it'll be our song,
Nobody's but our song.
Come on Julie,
Show me that you really care.

'Cause one and one make one,
Whenever you are with me.
I'm only half a man,
Whenever you're not there.

So come on Julie,
Let your love surround me.
Ohhh, woahh.
Let me know for sure,
That you really care.

Nah nah, nah nah nah, nah nah nah.
Nah nah, nah nah nah, nah nah nah.

Nah nah, nah nah nah, nah nah nah.
Nah nah, nah nah nah, nah nah nah.
Baby now
