

# Stupid

Tone Damli Aaberge

I guess you're my kryptonite  
The way you knock me off my feet  
Now i can't tell my left form right  
You only see me when I'm weak

I can't believe the things I hear me say  
And I don't even recognize myself  
why can't I get out of my own way  
It don't make any sense but what the hell

It's so confusing, what am I doing?  
I'm not really like this, think I'm gonna lose it  
Not making excuses, but baby the truth is  
you make me stupid, stupid, stupid

Your love makes a mess of me, but what a perfect mess we are  
Some day you'll feed the rest of me, not just my crazy heart

I can't believe the things I hear me say  
And I don't even recognize myself  
I just can't get out of my own way  
It don't make any sense, but what the hell

It's so confusing, what am I doing?  
I'm not really like this, think I'm gonna lose it  
Not making excuses, but baby the truth is  
you make me stupid, stupid, stupid

If I haven't scared you off by now, with all the foolish things  
I do  
Mabye you are feeling stupid too  
It's so confusing

It's so confusing, what am I doing?  
I'm not really like this, think I'm gonna lose it  
Not making excuses, but baby the truth is  
you make me stupid, stupid, stupid

It's so confusing, what am I doing?  
I'm not really like this, think I'm gonna lose it  
Not making excuses, but baby the truth is  
you make me stupid, stupid, stupid
