

Dancin' In The Son

Tonéx

Gettin tired of the city
Headin out to the country
Ain't nobody gonna stop me
Gotta get the hogs slopped and fed
Mamas gonna fix some pancakes
Jesus takes away the heartache
Time to lay aside the worlds weight
Won't you let him inside your life today

Doesnt matter what you done before
He doesnt care about your past He wants to give you more
All He wants is a chance to make it better
If your soul is dry inside Hell make it wetter
Now it's summer time there's no more snow outside
Frostys melted all away the sun is shining bright
For everyone to feel the heat time to move your feet
Jesus Christ is here to set your soul free

I'm dancin in the Son there's room for everyone
The fun has just begun when you're dancin in the Son
My Daddy, Ghost and Son all three of these make one
Your sins are forgiven when you're dancin in the Son

Everybody just a dancin
The Holy stone I be romancin
Lord You got my homies trippin
This fried chickens finger lickin
Yo, Gibraan pass the biscuits
Were near the rapture don't you miss it
You gotta problem God can fix it
Taste and see Hes so delicious

All drenched in sweat I bet it was that new heat from nureau 02
