

Can't believe what I just heard on the radio  
Has music really come to this?  
Can't believe what I just saw on the video  
Kids watching 2 girls kiss  
Now I ain't hatin on nobodys hustle  
'Cause I know that the root is greed  
Labels keep on manufacturing  
While they procreate immorality  
But everybody don't wanna hear this mess now

People want some oxygen  
People want to breathe  
And whatever you feed them  
That's what they're gonna eat

Now it's time to get back to the music now  
It's a gift from God so be careful how you use it now  
Get high off of creativity  
Flaunt your craft not your sexuality  
Artists in this industry have a responsibility  
To make songs that inspire human morality

People want some oxygen  
People want to breathe  
And whatever you feed them  
That's what they're gonna eat  
"You give them junk food, they'll crave junk food"
