

## Thank Q

Tonéx

I was a mess fo' shiggidy  
Sending my light, took my dignity  
Eternity in Hell ain't for me  
You took my faults, made them history

Just fill my eyes when I think of You  
All the chains that You pulled me through  
You're the director, I'll take Your cue  
Can nobody do me like You do

Monday, Tuesday, Wednesday, Thursday  
Friday, Saturday, that's my 7 y'all  
Sunday, fun day, You forgiven up all my sins  
All my issues, You got rid of them

Got rid of all condemnation from my past You see  
Thank q, Lord Jesus, I shall have everything  
Never gonna run, never gonna get  
Never gonna leave Your sight  
Never gonna be ashamed, Jesus, You saved my life

Just wanna thank q for loving me  
Just wanna thank q for keeping me  
Just wanna thank q for choosing me  
Lord, I just wanna say thank q

I don't deserve the things You do for me  
When I was drowning, You rescued me  
When I was sinking, You lifted me  
Lord, I just wanna say thank q

I was once blind and I couldn't see  
You took the blindness way off of me  
You took my shackles and set me free  
That's why I praise You for everything

When I was lost, couldn't find my way  
You just moved off the dark cloud away  
Through all my heart, sweat and pain  
I life my hands up high and say

Yo, yo, yo, I keep the banging for my people  
Check the steeple, got the bells ringing  
Systematically, emphatically changing the industry  
So radically, I made you hear automatically, yo

We rock and don't stop the Christ boogie  
At the top of the charts is like a Christ movie  
You ain't feeling my flow but yo, you don't move me  
You 'bout the fishes and loaves, you just a Christ groupie

Yodi yodi yo, everybody know, ain't nobody like You  
I'ma take a minute, just a lil' minute 'coz I wanna thank q  
Not just for the clothes, not just for the dough, I just wanna thank q  
I'll do what You do, You know it's true, I just wanna thank q

Thank q for my moms, thank q for my pops, I just wanna thank q  
Thank q for my wife, thank q for my house, I just wanna thank q  
Thank q for my car, thank q for my job, I just wanna thank q  
Thank q for my shirt, thank q for my church, I just wanna thank q

Just wanna thank q for loving me  
Just wanna thank q for keeping me  
Just wanna thank q for choosing me  
Lord, I just wanna say thank q

I don't deserve the things You do for me

When I was sinking, You lifted me
