# The Trust Theory

**Tonéx**

Somebody told me that I could not make it
Somebody told me that I could not take it
I cannot go by what I see
But I'm trustin' and believin'
That You'll take good care of me

We cannot go by what we see
It's all about faith and the trust theory
Big as a boulder or small as a seed
It's all about faith and the trust theory

Somebody's hatin' but I keep on crankin'
Somebody's mad because I'm boys with Kirk Franklin
Somebody's always talkin' 'bout me
But I got a point to make and that's makin' history

We cannot go by what we see
It's all about faith and the trust theory
Big as a boulder or small as a seed
It's all about faith and the trust theory

No, we cannot be dismayed
Things won't always go our way
If you praise Him while you wait
Then He will surely make a way

Trust Jesus, trust Jesus
You got to trust Him all the way
Trust, got to trust Him
Got to trust Him all the way

You got to trust Him
You got to trust Him
You got to believe Him
Trust Him all the way

Trust Jesus
You got to trust Him
You got to trust
You got to trust Him all the way

Trust, trust, trust
Trust Him all the way
Trust Jesus, trust Jesus
You got to trust Him
You got to believe Him

It's all about faith
It's all about faith
It's all about faith

Abraham had a son
Isaac was the only one
Led him to a mountain high
Thought he gettin' ready to die

He never had said a word

And a voice from Heaven, he heard
Said, ?Abraham, Abraham
Over there you will see around?

Trust Jesus
Trust Jesus
You got to trust
You got to trust Him all the way

You got to trust
You got to trust
You got to trust
Trust Him all the way

It's all about faith
It's all about faith
It's all about faith
It's all about faith

It's all about, it's all about
It's all about faith
It's all about, it's all about
It's all about faith
It's all about faith
