

Make My Heart

Toni Braxton

You pull me close
I get this kind of reaction yea
Everywhere
Can you feel my pulse
My heart is beating faster yea
From this love affair

And it would be only you talking in my ear
You're lips are so beautiful ooh I want them near
Your eyes they undress me
They make me confess it
The things you make me do
Guess now I'm outta control

And you make my heart
You make me dance
Sweat out my hair ohoh ohoh
Go flying out flippin in the air ohoh ohoh
You make my heart
Get pumped enough coming outta my clothes
You know you do it for me yes you do oh oh
Make my heart
Da da dum dum dum
Da da dum dum dum
Make my heart
Da da dum dum dum
Da da dum dum dum

Adrenaline rush
You whisper I get sucked in ah yea yea
My heart bangs like drums
The sound of pure seduction yea
Ooh take me there

And it would be only you talking in my ear
You're lips are so beautiful ooh I want them near
Your eyes they undress me
They make me confess it
The things you make me do
Guess now I'm outta control

And you make my heart
You make me dance
Sweat out my hair ohoh ohoh
Go flying out flippin in the air ohoh ohoh
You make my heart
Get pumped enough coming outta my clothes
You know you do it for me yes you do oh oh
Make my heart
Da da dum dum dum
Da da dum dum dum
Make my heart
Da da dum dum dum
Da da dum dum dum
Make my heart
Da da dum dum dum
Da da dum dum dum
Make my heart
Da da dum dum dum
Da da dum dum dum

Make my heart
Da da dum dum dum
Da da dum dum dum

Oooh you made this women have a __ in my heart
[repeat 3x]

And you make my heart
Ohoh ohoh and you make my heart
Ohoh ohoh you make my heart
Get pumped enough coming outta my clothes
And you make my heart
The ones that fall drop like dominoes

And you make my heart
Da da dum dum dum
Da da dum dum dum
And you make my heart
Da da dum dum dum
Da da dum dum dum
And you make my heart
Da da dum dum dum
Da da dum dum dum
And you make my heart
Da da dum dum dum
