

# What's Good

Toni Braxton

Can I share something with you ladies  
(Whats that)  
I've been all wrong about my baby  
(Well alright)  
That ain't meant for you to get me wrong I ain't no stranger love  
But this is diffrent (I can't put my finger on it)  
But its diffrent (And ooh I really want)  
Cause I really need a swagger  
Forgive me if I brag  
It's like a house I never left Like a fever I want to catch  
Like a mountain that's worth the climb I'm talking about this man of mine  
It's like money I wanna to spend  
My homie lover friend  
He'll be with me to the end  
And he never fell me yet

So I give him  
Good loving in the morning (I got that)  
And late in the evening (Umm I got that)  
And I hold him tight  
And I let him know  
Daddy everything is alright  
Now what's good (I got all the love that he needs)  
What's good (Coming with it just the way he need it now)  
What's good (Off top you know it won't stop)  
He can get all of my love  
Now the thing that I love the most (What's that)  
Is that he gets what I love the most (Well alright)  
Understanding all of my moods  
Knowing just what to say and do  
And yes I am the best  
And the rest he'll never miss  
And yes he's dressed in finest  
What's next is to love, honor, protect  
What's next is just a cause and effect of being so blessed  
Its like a house I never left (Never left)  
Like a fever I want to catch (Wanna Catch)  
Like a mountain that's worth the climb (Worth the climb)  
I'm talking about this man of mine  
It's like money I wanna spend  
My homie lover friend  
He'll be with me to the end

What's good (Coming with it just the way he need it now)  
What's good (Off top you know it won't stop)  
He can get all of my love  
Now what's good  
No boy I got that  
Now what's good  
What's good (Baby tell me baby)

Good loving in the moring (I got that)  
And late in the evening (Ooh I got that)
