

# Don't Walk Away

Toni Childs

Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love

Tell me now what is in my heart  
The kind of lies that have torn us apart  
You lay down in the road  
Baring your bloody soul  
Don't need no satisfaction  
Guaranteed my main attraction

Ripping love out by the roots  
Though my ghost is still with you  
It hurts to watch you turn away  
So I'm tearing out the truth

Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love  
Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love

Time passes slowly, time passes on  
Waiting for my man to call  
When there's no man at all  
Do I stand here waiting  
For the earth to turn to dust  
Give up my passion rendering my lust

Or do I walk away  
Ripping out the root of love  
Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love  
Ripping out the root of love  
Ripping out the root of love

Yeah yeah yeah  
Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love  
Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love

Ripping love out by the roots  
Though my ghost is still with you  
It hurts to watch you turn away  
So I'm tearing out the truth

Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love  
Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love

Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love  
Don't walk away  
Ripping out the root of love  
Don't you walk away  
Ripping out the root of love

I'm ripping out the root of love  
It hurts to watch you turn away  
So I'm tearing out the truth  
Don't walk away  
Don't you walk away
