

# Waiting For Someone Like You

Gonzaga, Toni

After all the rain, and after all the pain  
A brand new day is here for me to start  
Your light feeds my soul it's shining in my heart  
A brand new day is here for us to start  
You and me together it's gonna be a harmony  
You and me forever will always be a symphony

Refrain:

I've been waiting, waiting for so long  
I've been longing, I've been hoping for you to come along  
I finally found my song and it's you  
I've been searching, I've been waiting for someone like you

Many times I've failed fallen almost every time  
You held my hand and dried my tears in my eyes  
And everyday that passed were spent waiting for you  
You saved this heart of mine with a love so true  
Thoughts of us together brightens up my darkest days  
Without your love I'm lost I couldn't find my way

(Refrain)

Bridge:

So hard to hope and wait for love  
But I'd go through it all again  
If I knew that it was you

Refrain:

I've been waiting, waiting for so long  
I've been longing, I've been hoping for you to come along  
I finally found my song and it's you  
I've been searching, I've been waiting for someone like you
