

## Mountain

Tonic

She  
She came down  
From the mountain  
And I  
I stood my ground  
On the mountain  
Like a fire I'm drawn to her lust  
I can't run from her but Lord I must  
Like a demon I'm drawn to her flame  
I'm gonna burn calling her name  
I'm gonna burn calling her name  
She  
She came down  
From the mountain  
And I  
I stood my ground  
On the mountain  
Like a fire I'm drawn to her lust  
I can't run from her but Lord I must  
Like a demon I'm drawn to her flame  
I'm gonna burn calling her name  
I'm gonna burn calling her name  
She's got a sweetness about her  
That I can't explain  
She's got a wonderment about her  
That I can't deny  
And if we are patient  
Then maybe we'll get it straight  
On the mountain  
Like a fire I'm drawn to her lust  
I can't run from her but Lord I must  
Like a demon I'm drawn to her flame  
I'm gonna burn calling her name  
I'm gonna burn calling her name  
Oh I'll burn calling her name
