

## Wicked Soldier

Tonic

Oh tell the tale of the wicked soldier  
Oh tell the tale of the wicked man  
Oh tell the tale of the wicked soldier  
Oh tell the tale of the wicked man  
They say they heard him cry the fool's prayer  
They say they heard him cry the fool  
They say they heard him cry the fool's prayer  
They say that they just say that  
For oh my love's by the old tin wall  
She's waiting there she's waiting there for me  
My love's by the old tin wall  
She's waiting there - she's waiting there for me  
Some say the rope, she is hanging  
Some say the rope, she is free  
Some say the rope, she is hanging  
So say the rope to hang upon me  
So say the wise, she can't hear you  
So say the wise, she can't hear  
So say the wise, she can't hear you  
Some say that - they just say that  
For oh, my love's by the old tin wall  
She's waiting there - she's waiting there for me  
All others will compare to her  
She's waiting there - she's waiting there for me  
Oh my love I've waited here for you  
All this time  
Oh my love I've waited here for you  
All this time  
My love's by the old tin wall  
She's waiting there - she's waiting there for me  
My love's by the old tin wall  
She's waiting there - she's waiting there for me  
All others will compare  
She'll never know  
She'll never know  
She'll never know
