We are seen around New York
In the finest stay-up-late cafes
I am on the town with you these days
That's the way it stands

Just a fellow and a girl
We have had a little whirl
And our feet have left the ground a bit
We've played around a bit
That's the way it stands

For we are strictly good time charlies Who like to drink and dance around And maybe kick romance around And that's the way it stands

All in fun This thing is all in fun When all is said and done How far can it go?

Some cocktails, some orchids A show or two A line in a column That links me with you

Just for laughs
You're with me night and day
And so the dopes all say
That I'm that way 'bout you

Here's the laugh
And when I tell you
This will kill you
What they say is true

Just for laughs You're with me night and day And so the dopes all say That I'm that way 'bout you

Here's the laugh And when I tell you This will kill you What they say is true
