

Days of Love

Tony Bennett

Days of love
Oh, those wonderful days of love
When we walked through
A world of green
Serene, and fair

Lilac trees
When a breeze kissed the lilac trees
How they trembled above
In the warm summer air

Days of love
Let us speak out in praise of love
When I reached for a dream
And you were there

Good times fly
With the winter dove
And the stars of summer sigh
For the days of love
