

Don't Like Goodbyes

Tony Bennett

Don't like goodbyes, tears or sighs
I'm not too good at leavin' time
I got no taste for grievin' time
No, no, not me

You've been my near one
Always my dear one
I never thought that I would find
Another love, a different kind
But it came, it came to be

If you think I'm telling you lies
Go try your luck and look into her eyes
But remember, you must remember she's mine
And my world overhead has a clear shine

Don't want to leave you
Sorry to grieve you
Its travelin' time and I must move on
Found a girl to lean upon
And if I could arrange it
Oh would I care to change it
Not me

Have I found the answer
Yes, she's the only answer
Guess I won't have to guide her
Just walk beside her
Can't you see it clearly
That I love her dearly

I'd love to stay on
But from this day on
Its travelin' time, I must move on
Found a girl to lean upon
And if I could arrange it
Oh would I care to change it
Not me
