

## Down In the Depths

Tony Bennett

With a million neon rainbows burning below her  
And a million blazing taxis raising a roar  
Here she sits above the town in her Schiaparelli gown  
Down in the depths of the ninetieth floor

When the crowds and all the nightclubs punish the parquet  
And the bars are packed with couples calling for more  
She's deserted and depressed in her regal-eagle nest  
Down in the depths of the ninetieth floor

When the only one she wanted wants another  
What's the use of swank and cash in the bank galore?  
Why, even the janitor's wife has a perfectly good love life  
And here she is facing tomorrow, alone with her sorrow  
Down in the depths of the ninetieth floor

And the only one she wanted wants another  
What's the use of swank and cash in the bank galore?  
Yes, even the janitor's wife has a perfectly good love life  
And here she is facing tomorrow, alone with her sorrow  
Down in the depths of the ninetieth floor

Down in the depths, down in the depths  
Down in the depths, down in the depths  
Down in the depths, down in the depths  
Down in the depths, down in the depths  
Down in the depths of the ninetieth floor
