

I'm in Love Again

Tony Bennett

I'm in love again
and the feeling's not new
Yes. I know the signs
and I know what you do

It's a highway
that I have traveled through before
now I know all the curves
and I've come back for more

I'm in love again
I can wake up and sing
nothing bores me now
I enjoy everything

Here I go again
the way I used to do
I'm in love again
all over again with you

I'm alive again
I can wake up and sing
nothing bores me now
I enjoy everything

I'm in love again
and the feeling's not new
I'm in love again
all over again with you
