

# I've Never Seen

**Tony Bennett**

I've never seen you wake at dawn  
And brush a dream from your eyes  
I've never seen you part your lips  
To take a kiss by surprise

And I've never seen you bow your head in prayer  
Or jump for joy and let your laughter fill the air  
And yet I love you, sight unseen  
For my heart has seen what I've never seen

And yet I love you, sight unseen  
For my heart has seen what I've never seen  
For my heart has seen what I've never seen
