

# Laughing at Life

**Tony Bennett**

Happiness always comes around to bless  
Happy hearted ones, I guess  
It's true, get your share  
There's a lot of joy to spare  
Any heart that's free from care will do

Don't mind the rain drops  
Wait 'til the rain stops  
You'll find the sun laughing at life  
No road is lonely, if you will only  
Smile through the tears, laughing at life

Live for tomorrow, be happy today  
Laugh all your sorrow away  
Start now and cheer up  
The skies will clear up  
Lose all your blues laughing at life

So live for tomorrow, be happy today  
Laugh all your sorrow away  
Start now and cheer up  
The skies will clear up  
Lose all your blues laughing at life
