

# Think How It's Gonna Be

**Tony Bennett**

Dry your pretty eyes, come on  
And let me have a smile  
Think how its gonna be  
When we're together again

I don't wanna go  
But planes come back, you know  
Think how its gonna be  
When we're together again

Oh, we'll take a long, long walk  
Oh, we'll make some quiet talk  
Then just when the fire's low  
Honey, you know  
Where we'll go

So flash that famous smile  
The one that gets 'em all  
Think how its gonna be  
No one but you and me  
Think how its gonna be  
When we're together again
