

Tricks

Tony Bennett

Tricks, devilish tricks, you, devil, you
You've got a few tricks that you do
Like bringing your lips so close to mine, I shiver and shake
And makin' me feel that I don't care, what chances I take

Tricks, dangerous tricks, you've got me hexed
I'm so perplexed what's comin' next
That magical thing you do to me whenever we touch
That makes me begin to want your touch, a little too much

Tricks, wonderful tricks, though I say no
I know, you know, I love 'em so
I'm hollerin' stop but that's my way of beggin' for more
'Cause if there's anything about you that I adore

It's all of your tricks, devilish tricks
Dangerous tricks, wonderful tricks
Beautiful tricks, don't stop with those tricks
I need those tricks, those tricks are my kicks, crazy tricks
