Live Wire

Tony Carey

You take one in a million
Two, walking a crowded street
Take anything you like babe
Take me too

You get no easy answers
No guarantees from me
Get everything I own baby
I can't choose

Don't you see me alone
Out on the edge for you
What are we doin' so wrong
You got me leanin'
I'm fallin over
You're hot, you're a live wire
I feel the heat, see the fire
You're hot, you're a live wire
And you're burnin' me,
Baby you're a live wire

You take one lonely rider
Two people alone in the world
You put 'em together baby
Me and you

Well I've always been a fighter
And I go for what I want
I've been goin' for it lately
I want you

Can you hear me say
Don't you see me alone
Out on the edge for you
What are we doin' so wrong
You got me leanin'
I'm fallin over
You're hot, you're a live wire
I feel the heat, see the fire
You're hot, you're a live wire
And you're burnin' me,
Baby you're a live wire
Yes you are babe
Live wire

Burnin' me babe
And you're burnin me

You're burnin me
And you burn me
Alright

Everybody knows you're hot
Baby you're hot

Yeah, everybody know's
You're hot, you're a live wire

I feel the heat, see the fire
You're hot, you're a live wire
And you're burnin' me,
Baby you're a live wire

Yeah, yeah, yeah
Baby you're a live wire
Burnin me babe
