

# Love Don't Bother Me

Tony Carey

She met the greyhound, smile on her face  
She had a ticket for a far off place  
She told the driver stop in Baton Rouge  
Louisiana gonna cure my blues

Oh she's runnin' away  
I had a lover but lovers never stay  
Oh she's runnin' away  
Send me a miracle send it my way  
Love don't bother me  
Love don't bother me  
Love don't worry me none  
Love don't worry me none  
Hey love don't make me crazy - at all

She was born with her hand out lookin' for a bite  
It never looked easy it never felt right  
She asked the waiter can I send it all back  
Sonny always told me never cut 'em any slack

Oh she's runnin' away  
I had a lover but lovers never stay  
Oh she's runnin' away  
Send me a miracle send it my way  
Love don't bother me  
Love don't bother me  
Love don't worry me none  
Love don't worry me none  
Hey love don't make me crazy - at all  
Yeah - at all

Love don't bother me  
Love don't bother me  
Love don't bother me

Oh she's runnin' away  
I had a lover but lovers never stay  
Oh she's runnin' away  
Send me a miracle send it my way  
Love don't bother me  
Love don't bother me  
Love don't worry me none  
Love don't worry me none  
Hey love don't make me crazy - at all

Love don't worry me none  
Love don't worry me none  
Hey - love  
Don't bother me  
Love don't worry me  
Love don't bother me
