

# She Moves Like a Dancer

Tony Carey

Jeannie left her job at the bar and grill  
Said I can't get what I need, what I got ain't no thrill  
Willy stumbled home it was after hours  
left his shoes by the phone, but he brought her some flowers

But where's that woman  
That he used to know  
what's happened to the girl  
Where did Jeannie go  
She moves like a dancer  
She moves like a woman  
Who's figured it out  
She moves like a dancer  
I wonder who's been showin' Jeannie  
What love is about

Willy ain't sure if he heard it right  
but Jeannie ain't home, it's the middle of the night  
Jeannie's downtown, lettin' down her hair  
Willy's feelin' down, he ain't gettin' his share

But where's that woman  
That he used to know  
what's happened to the girl  
Where did Jeannie go  
She moves like a dancer  
She moves like a woman  
Who's figured it out  
She moves like a dancer  
I wonder who's been showin' Jeannie  
What love is about

She moves like a dancer  
She moves like a dancer  
I wonder who's been showin' Jeannie  
What love is about

Nobody wants to be the one to bring you the news  
about what she's done  
it ain't never gonna be the same  
you been wearin' the horns, while she's playin' the game

She's been movin'  
Moves like a dancer  
She's been movin'  
Moves like a dancer

It ain't never gonna be the same  
You been wearin' the horns, she's been playin' the game

She moves like a dancer  
She moves like a woman  
Who's figured it out  
She moves like a dancer  
I wonder who's been showin' Jeannie  
What love is about  
Hey Jeannie, get on home

She moves like a dancer
