

# Trampoline

Tony Carey

Some people got much too much  
Some people got the midas touch now  
Some people are waiting for the train  
Some people got blood on their hands  
Some people see Disneyland now  
Some people are candles in the rain

It's like a trampoline  
Goes up goes down  
You're out of luck or you're heaven bound  
But we've got something, no we're never gonna touch the ground  
On the trampoline  
Just me and you  
Just a little love will see us through  
Hang on to me baby, cause I'm right here with you  
On the trampoline

Some days are like a leaky boat  
Some days are like all she wrote now  
Some days I'm so happy I could sing  
I won't tell you 'bout the things I've seen  
The ups and downs and the inbetweens  
I get so low but I know  
My bells are gonna ring  
It's a trampoline

We are on a roller coaster  
We have made it through that far  
Baby what we need is mostly  
Being sure of what we are  
On the trampoline...
