

Kiss In The Night

Tony Christie

I never felt the sensations before,
you feel like heaven to me
Tony and darling you gonna see
no-one could love you more.
Christie Now that I found you, I won't let you go
Kiss I want the whole world to know.

I wanna feel your kiss in the night and hold you beside
me,
In 'cause I know I love you for all of my life.
The I wanna feel your kiss in the night
come stay here forever,
Night let's get together my darling, I need your sweet
lips tonight.
Songtexte
I never dreamed this was how love would be,
don't think that I could exist, 'cause that you kiss
that I miss
Songtext I need you close to me.
I know for sure there's no way we will fare,
Lyrics you're takin' hold of my heart.
