

# Time Is The Healer

Tony Iommi

There's some people that you believe in  
And some people want you for more  
And I won't deceive you  
Just let me receive the same thing  
We're both looking for

Time to face the real life  
Time to open the door  
Time to make decisions  
It's time to even the score  
Time to kill the sadness  
Time just can't be denied  
Time to make you wonder?  
And time to cast it aside

Inside the garden of plenty  
Is a price that we'll all have to pay  
There is a race with no colour  
Now I want you to hear what I say  
Won't you bring me some water  
And I will give you my blood  
But you won't give me your time  
Now have I been misunderstood?

Time to catch your spirit  
Time to find who you love  
Time to find a new beginning  
Time will fall from above  
Time outside of the mirror  
Time to break away  
Cos time is the forgiver  
And time will show you the way  
Oh yes it will  
Time!

You know I have nothing planned  
I want you to understand  
Now won't you just let it be?  
Cos time heals your memory

Time is the healer  
Time, time, time is the healer  
Time to catch the real life

Time is the healer
