

If It Ain't Worth Fighting For

Tony Martin

Temperature's rising, can't stand the heat
Somebody's callin', making me sweat
Feel you body movin' all over my mind
Cold is the whisper that runs down my spine

CHORUS

If it ain't worth fightin' for
It ain't worth having
And I just gotta have your love

There used to be laughter used to be joy
You were the dancer, I'm the hot blooded boy
Feel the perspiration, now there's provocation
It's a no win situation, but the voice keeps sayin'

CHORUS

If it ain't worth fightin' for
It ain't worth having
And I just gotta have your love

We will be the losers if we let it go
In this reckless gamble, we need one last throw
