

## Smoke & Mirrors

Tony Martin

Well my woman ain't a lady, don't wear no fancy dress,  
No rings upon her fingers, don't power dress for men,  
There ain't nothing complicated, I put it to the test,  
You gotta understand she's my best friend,  
My woman is the best.

Some girls, they look real pretty but they tell you lies,  
Some girls, they wear a thin disguise but I see,

Smoke and mirrors, that's all that I can see,  
Smoke and mirrors, and no reality,  
Smoke and mirrors, that's how they get their kicks,  
Smoke and mirrors, and dirty tricks.

Well some girls they need the money,  
And some just need the time,  
Some they love the muscle men, and some just drink the wine,  
But me I need a woman that's not just good at sex,  
Understand she's my best friend, my woman is the best.

Some girls, they look real pretty but they tell you lies,  
Some girls, wear a thin disguise, and I see,

Smoke and mirrors, that's all that I can see,  
Smoke and mirrors, and no reality,  
Smoke and mirrors, that's how they get their kicks,  
Smoke and mirrors, and dirty tricks.

Smoke and mirrors, that's all that I can see,  
Smoke and mirrors, and no reality,  
Smoke and mirrors, that's how they get their kicks,  
Smoke and mirrors, and dirty tricks, yeah.
