

## In Motion

Tony Yayo

I'm eating rappers like piranhas in that amazon  
I wake up, eat, sleep with my hammer on  
The streets love me I be on my image  
Foreign brauds, foreign cars and the windows tinted  
Got h on the sneaker, I'm fly everyday like everydays easter  
With a bad senorita  
Holdin a ruger, bumpin amudulla  
Smoked out lexus, boxed with antudas  
A mean redbone with a mean pussy print  
Lonely nights I wonder where that pussy went  
But I ain't pussy whipped, marine blue whip  
30 shot clip if these fuck boys try to trip  
And fuck the pigs nigga I hate cops  
The bugged my man routine traffic stop  
Rats bitin on new borns in new orleans  
In the belly of the beast boy chasing dreams  
Jesus piece filled with that ice liquor  
I could bag a brick with a plastic knife nigga  
I could book a key blindfolded  
The hermeez sweater say a woman hand sewed it  
I'm a baller, like shaq's size  
4-10 I'll leave a bitch nigga baptized
