Tony Yayo

Ay man I told yay I'd never flip on em niggaz man
Ay man I be starin them izzards dawg

The kids unwhackable you can't line me
The kids untouchable you can't line me
Try to set me up, wet me up, try to kill me
But I'm a line you before you line me
I got the line on em
She got the line on em
He got the line on em
(Homicide line em up)
He got the nine on em
I got the nine on em
I got the line on me
(Homicide line em up)

Ya wanna line me up, swiss cheese my vest
Till I bring it to your door like I work for fed ex
I'm in a red lex, blue sweats, 2 men, 2 vest
High off the sampson gettin munchies from the projects
Monkey see, monkey do, red monkey hold the tools
Serve fiends dog food, don't make the wrong move
Now that I'm rich model chicks on my dick
Holy camoly, I nut and canoly on your lip
Your p.d.r's, professional dick riders
C.p.r, cause the hecklar I'll spit fire
I'm addicted to cars, se and fo fo's
I ride for the cause I live like an outlaw

Shoot em in his head get em gone get em dead
Man that nigga nervous he was talking to the fed
Cut the conversation if it ain't about bread
I got the line on em you heard what my nigga yay said
Shots fired yellow tape murder murder kill
Funeral arrangements, hospital bills
Ak 47 woodstock, blue steel, black talons, red beam
1 shot, 2 kills
Beamers, benzs, bentleys, bugattis before the deal
When don't ride nuttin that's less than a quarter mill
Vvs all over my body give me the chills
Where them fuck boys over there hating giving me reals
Deals, is what them niggaz say to me
But they don't fuck around, cause they know I keep the k with me
24-7 a got it everyday with me
Niggaz tryna line your baby up momma pray for me
