

Razorblade

Tony Yayo

Yea i don't need no gloves
I just go and get a bag
Drop it down cut it up

Yea don't let the block slow up
Keep the traffic coming in
Got my money stacking up

Yea I ain't worried bout the raid
Just copped an 8 ball and I'm bout to get paid
12, 12 fades with the razorblade
Bout to charge me an escalade

12, 12's, 58, 58's
A 100 grams on my mamas plates
Cash rules everything around me
So I'm in the commonwealth town getting money, getting money
Jemstars 12, 12's in a scale and I always keep money for the bail
Yay wanna spoon me
Direct sales with the marked bills is on my main bitch
Cause she keep it trill
She bag up with me till her fingertips numb
And hold a nigga down till the whole flips done
Smokers got my iphone buzzin
1st of the month we hustlin
And these nosey neighbors keep complaining about traffic
But you know how it is with them addicts
80 thousand stuffed in the mattress
In the trap with a bad bitch hair done, nails done, bag this

I went to my grannies now I'm at the table
Watching sport centre on bootleg cable
Plate right in front of me but I ain't gotta fork
Nephews telling rumours out on the front porch
My auntie smoking in the basement with a torch
See it's the 5th and on the 3rd I bought this shirt
Bout to collect from pays that owe me on the 1st
And I got that butter
They say alotta omebacks
So much oil in the pipe I call it iraq
Troy boy ba stuffer, dirty motherfucker
Might get head from a fiend with a rubber
Tryna stack butter summer nigga ride clean
Workin in spots whilst riding on 16's
Daytons with the knockers, banging silk the shocker
Two fives il get sure sex in my locker
Yea, it ain't all what it seems as it seems
All I had was a razorblade and a dream

[Chorus]
