And I can't even trust my kinfolk

She passed while he doing time up the prison  
And his younger brother gotta gun living like he living  
I roll the kush and I lean back  
I don't trust a bougie bitch, and I don't trust a silly hoodrat  
I swear that the phone tapped, they listen to my conversations  
And all these swag haters keep on playa hating  
Jesus christ he even had player haters  
But I'm a shine like him and get crazy paper
