

# The Wall

Tony Yayo

Get money, new new name kimmy  
500 rims between a legend I'm between many  
Hermezz stairs, with a bad bitch  
She horny off them oysters feed her disco stick  
The ak is like a pogo stick  
I put holes in a rat on some popo shit  
Us open, polo shit  
Don p life hoes get rozay dick  
See my roof is invisible my life is great  
When I die my kids got millions in my pshycial traits  
It's all a race, in a zoo of logical population  
Da world is a zoo and these animals is waiting  
On the prey, but not me  
Kamikaze, pass the judge 19k

Put my back against the wall  
You know I'm goin pop that  
Put my back against the wall  
A 100 shooters I'l cock back

With my back against the wall  
I never fall under pressure  
With my back against the wall  
I'm usually duckin detectives

Homocide flash my mug shot  
Cause I'm killin every nigga in sight like buck shots  
Nigga run up on me think my chin is glass  
I bet this 4-10 strap boy I'l spin your ass  
Tony yayo is a brand builder  
You ever have fillet minjuon dinners in bugatti dealers  
I fuck with colombians and mexicans  
That play with more keys than alicias hands  
My chapol got the bezzle face  
Vest with the metal plates  
I'm strapped when I wear my jewels  
Cause I rap nigga I ain't fooled  
I click clack cause my gun game cool
