

# Fuck My Car

Too \$hort

Let's go ridin, sidin, whippin and dippin  
I know it's my car bitch, you ain't trippin  
It's your favorite color, on a lovely day  
You let me reach right over, and rub on your leg  
I'm sayin all kind of shit, to make you smile  
Put your seatbeat on, cause I be drivin wild  
You think I'm like them other niggaz, I just wanna fuck  
But I like to get money and get my dick sucked  
I ain't your average everyday little hoe nigga  
And I can see through you bitch youse a gold digger  
Tellin me stories, about the richest man  
But I'm Too \$hort baby, the bitch's pimp  
I come a long way from young and done the certified player  
I get what I want, and I'ma holler at you later  
If you ain't got game you might think I'm a trick  
Don't play yourself girl you won't get no dick  
I take you right back home so you can be witcha man  
I know you sucker motherfuckers won't understand  
See me with a bitch and say I floss too hard  
These hoes ain't trippin on me, they wanna fuck my car

Now whether on the strip, or in the bar  
If you put your mind to it, you might get far  
No need to be a player or a superstar  
She ain't trippin on you she'd rather fuck your car

She could care less about a real man  
All she wants is a man with the meal plan  
Pick her up in the Benz and hope she get to eat  
Every day is Halloween hoe, trick or treat  
I throw your ass in the trunk with a bag of rats  
Drop you off at Kaiser like they did in The Mack  
I know you're broke, fantasizing like Mariah  
Get a grip on my bumper, rub your clit on my tire  
You can ride on top or wrap your legs around the frame  
But if you get in this car you gonna respect this game  
And I'm knowin that, I hope you know it too  
Only real pimps know what I'm goin through  
It's a daily mission, controllin these bitches  
Uphold the pimpin, never start sympin  
Got the cleanest drop Caddy for your eyes to see  
So c'mon bitch and take a ride with me

Now I'm about big blocks, drop tops  
White guts ending with much knock  
Got loot but dough ain't even trippin on it  
Got keys, to three hundred Z's, knowin these bitches

Now whether on the strip, or in the bar  
If you put your mind to it, you might get far  
No need to be a player or a superstar  
She ain't trippin on you she'd rather fuck your car

I gave you a ride for some head cause my dick was soft  
But if you ain't widdit I'ma drop you off  
I got hoes all around me all day and night  
And yo little pussy's just way too tight

For a big black dick like mine to slide in  
I take my motherfuckin time and ride it  
Cause ain't no punk bitches where I'm from  
They like to suck niggaz dicks, and make us cum  
So get butt-naked let me slap that ass  
Play with them titties while I tap that ass  
Slam your face in the pillow, and arch that back  
Have you lovin this dick like it's made of crack  
Cocaine, and you know that costs  
Can't fuck for free you got to pay the boss  
Hundred dollar bills bitch  
I break your ass and won't feel shit  
Cause pimpin, pimpin, that's my game  
I got it from the O where it always rains  
Pimp game, now it's time to roll  
And take my hoes down to the hoe stroll

Now whether on the strip, or in the bar  
If you put your mind to it, you might get far  
No need to be a player or a superstar  
She ain't trippin on you she'd rather fuck your car

You ain't slammin doors like me cause I'm the coldest mack  
From a brand new Benz to my old school 'llac  
You ain't never gon stop my pimpin style  
It's like two plus two, can you figure it out?  
You say, what fo', I say that's right  
You know the answer nigga pimpin for life  
What's a trick to a hoe, some dope to a fiend  
What's a bag of weed if the shit ain't green  
You say the game is forever, well so am I  
You only got two choices bitch, hoe or die  
Now speak up, you better say somethin  
Before I turn your ass back into a pumpkin  
Cause ain't no motherfuckin fairy tales  
Only Freaky Tales, and I tell em so well bitch  
Now get your ass in the car  
Don't play me too close I won't pimp you too hard

Now whether on the strip, or in the bar  
If you put your mind to it, you might get far  
No need to be a player or a superstar  
She ain't trippin on you she'd rather fuck your car
