You coulda been gettin rich, you just don't know  
Girl you worked all night for that chump change?  
Let them ballers write you off as a fun thang?  
Take my hand - I got a quick plan  
I know you dream about marryin a rich man  
See his wife in the Benz with the cute babies?  
The hype'll make your friends and you crazy  
Cause you know about his two ladies  
But he ain't fuckin wit'chu baby  
Come holla at your Uncle \$hort  
I'll have you playin these niggaz like a sport (HA HA!)

All this time you play around, you love to love me lay you down  
If you'd like to suck a dick, I bet you'd like to fuck a trick  
All you ladies in the place, I'd love to let you have a taste  
I'll put my dick up in yo' face - why you hobo hoe?

My name is Too \$hort, I'm known for pimpin women  
And last night, I did it again  
New money, new bitches  
Why they actin crazy, who is it?  
I never heard of Too \$hort - then you must be a square  
Fuck around and get slapped when you fucks with a player  
Real women get much respect  
Golddiggers and groupies, don't fuck with it  
I'd rather get a real hoe  
Put the bitch to work and get some real dough  
I don't wanna spend a night for cash  
What'chu been doin all day wit your triflin ass? (Bitch!)

All this time you play around, you love to love me lay you down  
If you'd like to suck a dick, I bet you'd like to fuck a trick  
All you ladies in the place, I'd love to let you have a taste  
I'll put my dick up in yo' face - why you hobo hoe?

I made too many songs, to name the tracks  
Not enough walls, to hang the plaques  
Say hater, what you aimin at?  
You ain't no G, you can't be claimin that  
Your girl said she had to find a trick  
Cause she don't like you, OR your tiny dick  
I don't really care, what she's sayin  
As long as this song, is what she's playin  
I know she better slow that roll  
I ain't said a word and yo' hoe just chose  
You know I gotta take her from you  
And after today, you couldn't make her want you (HA HA HA)

All this time you play around, you love to love me lay you down  
If you'd like to suck a dick, I bet you'd like to fuck a trick  
All you ladies in the place, I'd love to let you have a taste

I'll put my dick up in yo' face - why you hobo hoe?

I just don't know what bitches see, why all these hoes want chicken feed  
Ain't none of these hoes worth 50 cents, so break these ladies all you pimps  
Never have this much fun anywhere, to go back home I just don't care  
Me leave this game no I don't dare - why you hobo hoe?
