

## You Might Get G'eed

Too \$hort

You know it ain't over  
I said it back in '82  
I'll be a player for life  
I'll never say I do

I done tramped bitches  
That most niggaz would marry  
I like to pimp bitches and  
Most niggaz be scary

Get a bad bitch  
And you can't say no  
You're at the mall buyin shit you can't pay for  
Then you wonder why all these hoes want to switch

Best friend on the under  
Fuckin' your bitch  
Pussy you ain't cared 'bout that when you had her  
But now you wonder where she's at

I know your heart broke  
But it don't show  
'Cause all I heard from your mouth  
Was "fuck that ho."

But deep down inside I know it hurts a lot  
I know you can't go on but it's worse to stop  
You daydreamin 'bout your x, tryin to figure what's next  
Other females can't compare to her sex

I'm tryin' to picture me, all in love with these hoes  
But when I meet 'em, they just want to lick my balls  
You can't tell me shit, fuck that  
You're just another fine ass bitch with nut breath

I met you on friday, I fucked you on saturday  
I can't hold back bitch I'm still rollin' that way  
Carry you across the threshold in my new house?  
You better try to stick this big dick in your mouth, bitch
