

# Crawl Away

Tool

Crawled away from me.  
Slipped away from me.  
I tried to keep ahold,  
but there was nothing I could say.  
Slid away from me  
Crept away from me  
Tried to keep you down  
But there was nothing I could say.  
What you try to say  
is you don't wanna play.  
What you want and what you need  
don't mean that much to me.  
I can see your back is turning.  
If I could I'd stick the knife in.

You crawled away from me.  
Slipped away from me.  
I tried to keep ahold,  
but there was nothing I could say.  
Slid away from me  
Crept away from me  
I tried to keep you down  
But there was nothing I could say.  
What you tried to say  
is you don't wanna play.  
But what you want and what you need  
don't mean that much to me.  
I can see your back is turning.  
If I could I'd stick the knife in.

This is love.  
This is love,  
This is my love for you, (5x)  
This is my love.

Say you won't go.

Say,  
Get up.  
Get up.  
Say.

Get up,  
Get up,  
Get up,  
Now!

What you try to say  
is you don't wanna play.  
But what you want and what you need  
don't mean a fuck to me.  
I can see your back is turning.  
If I could I'd stick the knife in.
