

So familiar
And overwhelmingly warm
This one, this form I hold now
Embracing you, this reality here
This one, this form I hold now
So wide-eyed and hopeful
Wide-eyed and hopefully wild

We barely remember
What came before this precious moment
Choosing to be here
Right now
Hold on, stay inside

This body holding me
Reminding me that I am not alone in
This body makes me feel
Eternal, all this pain is an illusion
